IMPACT REPORT

THE TEAM

Hey there! We're the TinoHacks II team, and we're so excited to let you know how TinoHacks II went. It's been a long journey for all of us, but we were overjoyed to see the outcome of our work. We'd like to thank all of our hackers, mentors, chaperones, and sponsors for sharing these memories with us. Many of you have been with us since TinoHacks I and it's been an absolute pleasure to have you back. This event would not have been possible without all of our sponsors. Each of our sponsors supported us before, during, and after the event by sending swag, leading workshops, feeding attendees, acting as mentors, and so much more. Without all of the help at the hackathon, we couldn't have achieved our goal: to inspire high schoolers to innovate and continue aspiring to create things they had only dreamed of in the past. We would like to extend a heartfelt thanks to all of our sponsors for playing a huge role in making that possible. We hope you will continue to support us in our mission to keep inspiring high schoolers to bring out their valuable ideas with the use of technology.

WHAT'S NEXT?

TinoHacks III is coming next year in time for the 2019 Spring Hackathon season, and we'd love to have you as a part of our family! If you're interested in continuing your support for our movement, feel free to contact us at hello@tinohacks.tech. We're excited to welcome you back to the event, and our attendees are ecstatic to see you again! We plan on making TinoHacks III bigger than ever with amazing prizes and more participants!
